Activity 1

“Mr. Wee and Boo’s Hidden Letter Hunt” is a favorite for children of all ages! Letter recognition has never been so much fun as your child looks for 52 (upper case and lower case) letters of the alphabet.

Grades: All ages

Goals:

- Recognize and identify the letters of the alphabet
- Name a word with the sound in the beginning, middle, or ending

Materials: *Mr. Wee and Boo’s Wee-phabet Adventure* by Danielle Rivera and Emmanuel Colliot, a magnifying glass, and wax sticks.

Let’s Play:

1. Using our children’s ABC book, *Mr. Wee and Boo’s Wee-phabet Adventure*, have your child use a fun motivational tool such as a magnifying glass to search for the hidden uppercase and lowercase hidden letters (found on every second page of an introduced letter.)
2. When your child finds a letter hidden in the picture have him use wax sticks to circle or trace the letter of the alphabet.
3. Once the letter is found, have your child say the letter’s name, its sound, and find a word on the page that has the letter sound in it. You may want to read the page a couple of times while stressing the words that contain the found letter.
